

CHESS AT COOLA

LEARN TO PLAY

All students learn from playing each other and improve their Chess skills through regular matches. All year groups play each other and a league system is available to record wins and draws. This makes it easy to find a player at a level you want to develop.

OPEN TO ALL

All students are welcome to the Chess Club which runs every lunch break. Students can relax and have lunch whilst they play and socialise.

TOURNAMENTS

Players who make it to the top of the leader board have the opportunity to represent the School and themselves at a Chess Tournament. Coola hosts the MSLETB Chess tournament for all schools within the ETB of Sligo, Mayo and Leitrim. In October 2024 six schools and over 90 students played in the first MSLETB Chess tournament. Coola also hosts the Sligo ETB Blitz Chess tournament. This gives students the chance to meet students from other schools and give them an opportunity to use their chess skills to compete at a wider level.
